I. Introduction

1. The work programme of the Counter-Terrorism Committee Executive Directorate for the period from 1 January to 30 June 2010 has been prepared in accordance with the relevant provisions of the report of the Counter-Terrorism Committee on its revitalization (S/2004/124) and takes into account the work programme of the Committee for the same period. It also takes into account the Security Council's interim review of the work of the Executive Directorate and the report of the Committee to the Council (S/2009/289).
2. The Executive Directorate will continue to help the Committee to achieve its objectives in the areas defined in the Committee's work programme; to report regularly to the Committee on its work, including in its semi-annual report; and to respond to any additional requests made during the reporting period.

II. Monitoring and promoting implementation of Security Council resolution 1373 (2001)

3. The Executive Directorate will submit to the subcommittees the outstanding files of Member States, including cover notes, draft letters and preliminary implementation assessments, for consideration and further submission to the Committee as part of its ongoing stocktaking process. The Executive Directorate will also continue to hold meetings with Member States in order to discuss issues relating to the preliminary implementation assessments, the implementation of Security Council resolution 1373 (2001) and technical assistance.
4. In close cooperation with the relevant international, regional and subregional organizations and on behalf of the Committee, the Executive Directorate will prepare and conduct visits to up to five Member States, with their consent, as approved by the Committee. It will also continue to update the Committee on a regular basis regarding follow-up to its previous visits to Member States.
5. The Executive Directorate will further enhance its cooperation with the relevant United Nations bodies, including the Monitoring Team of the Security Council Committee established pursuant to resolution 1267 (1999) and the Expert Group of the Security Council Committee established pursuant to resolution 1540 (2004), as well as with various international, regional and subregional organizations, including in the context of the Committee's visits to Member States. In this context, the Executive Directorate will further extend promotion of the common strategy on the submission of responses by States jointly developed with the Monitoring Team and the Expert Group.
6. During the reporting period, the Executive Directorate, acting together with donors and other relevant partner organizations, will facilitate a follow-up regional workshop for police officers and prosecutors in South Asia on effectively countering terrorism. The workshop, which will be held in Sri Lanka, will address in detail the

shortcomings for the region which were identified during the initial workshop held in Bangladesh in November 2009.

7. Under the guidance of the Committee, the Executive Directorate will participate actively in, and support, all relevant activities under the United Nations Global Counter-Terrorism Strategy, including through active involvement in the Integrated Assistance for Countering Terrorism Initiative of the Counter-Terrorism Implementation Task Force.

8. The Executive Directorate will assist the Committee in its consideration of the modalities and format of a special meeting of the Committee with international, regional and subregional organizations and of a special meeting open to the wider membership and regional organizations aimed at reviewing global efforts to implement resolution 1373 (2001). The Executive Directorate will make concrete recommendations to the Committee in this regard.

9. The Executive Directorate will assist the Committee in its consideration of the modalities and format of a seminar that would bring together Member State practitioners in an area relevant to the implementation of resolution 1373 (2001).

10. The Executive Directorate will work on the preparations for a workshop on East African border control capacity-building aimed at, *inter alia*, identifying relevant challenges and appropriate solutions; sharing international good codes, practices and standards; and exchanging information among donors active in East Africa. During the workshop, the Executive Directorate will pursue a constructive dialogue with the relevant stakeholders, including the three main partners in the pilot project (Kenya, Uganda and the United Republic of Tanzania), international and regional organizations, potential donors, and relevant United Nations offices.

III. Facilitating the delivery of technical assistance to States

11. The Executive Directorate will continue to promote its revised strategy for facilitating the delivery of technical assistance to States by strengthening its relations with bilateral and multilateral donors through, *inter alia*, close engagement with the Counter-Terrorism Action Group of the Group of Eight and the European Union. It will also assist the Committee in its assessment of technical assistance needs aimed at exploring ways of more effectively facilitating technical assistance to relevant Member States.

12. The Executive Directorate will maintain and regularly update its database of information on all its referrals; its directory of detailed profiles of donors and providers of technical assistance; and its database of best practices.

IV. Human rights and implementation of resolutions 1373 (2001) and 1624 (2005)

13. In accordance with the Committee's policy guidance on human rights, the Executive Directorate will continue to take into account the human rights aspects of Security Council resolutions 1373 (2001) and 1624 (2005). This work will include contributing relevant information for inclusion in the preliminary implementation assessments; ensuring attention to relevant human rights issues in the planning and

conduct of country visits, including relevant information in visit reports; and promoting a consistent approach to human rights issues in all Executive Directorate activities. The Executive Directorate will continue to liaise with the Office of the United Nations High Commissioner for Human Rights, the Special Rapporteur of the Human Rights Council on the promotion and protection of human rights while countering terrorism, and other human rights entities, as appropriate. It will also deepen its analytical framework through continued participation in the Counter-Terrorism Implementation Task Force Working Group on Protecting Human Rights while Countering Terrorism.

14. The Executive Directorate will continue to include the issue of implementation of resolution 1624 (2005) in its dialogue with States and will actively encourage those States that have not yet submitted a report on their implementation of the resolution to do so. The Executive Directorate will introduce a thematic discussion on resolution 1624 (2005) at a Committee meeting, reflecting on possible approaches to promoting more effective implementation of the resolution and facilitating technical assistance, as appropriate.

V. Information and Administration Office

15. The Executive Directorate will promote an active communications strategy for facilitating better understanding of the work of the United Nations, the Committee and the Executive Directorate in the field of counter-terrorism.

16. The Executive Directorate will consider ways of reorganizing the Committee's website to simplify its presentation and make design and content changes in all six official languages with a view to ensuring parity of content and currency of information. Committee press kits will continue to be updated and distributed in hard copy and electronic format, as needed.

17. The Executive Directorate will ensure that all documentation submitted to the Committee is accurate, consistent and distributed in an effective and timely manner. To that end, the Information and Administration Office will use the recently established secure online document tracking and distribution system on the Committee website to circulate Executive Directorate materials to Committee members and to the Secretariat.

18. The Executive Directorate will continue to upgrade the database and computer systems of the Executive Directorate, improve access for staff of the Monitoring Team and the Expert Group, work to provide access to the staff of the Counter-Terrorism Implementation Task Force, and consider giving access to the staff of the Terrorism Prevention Branch of the United Nations Office on Drugs and Crime. Sharing of database information promotes greater efficiency and effectiveness in common work, better integrates implementation of separate mandates, and helps avoid duplication of effort.

19. The Executive Directorate will fill its two new professional staff positions and address all recurring staff vacancies. It will allocate resources for the Executive Directorate to sponsor its own workshops, using four criteria: the workshops should (a) help implement specific aspects of resolution 1373 (2001); (b) play a catalytic role in stimulating follow-up workshops; (c) support workshops that otherwise would not have been held; and (d), have at least one or more donors or providers

who will cover at least half the cost. Executive Directorate resources will also be allocated to preparations for the two special meetings of the Committee and assist partner international, regional and subregional organizations on an ad hoc basis to participate in its work. The Executive Directorate will also prepare its 2011 budget for submission to the Advisory Committee on Administrative and Budgetary Questions.
